

ABOUT THE CEMENT TILE

The tile handmade by TRAMA BCN reflects its value in every living space. Simple beauty in each small piece of cement tile is a big inspiration for many creative ideas and passion. In this fast moving world, machine has gradually replaced human in various industries. It was also the twilight of the handcrafted works. However, with its endurance and timeless beauty, handmade cement tiles have been preserved and cherished. And TRAMA BCN has conserved and elevated this beauty. With the premium quality has helped us to establish TRAMA BCN brandname in Spain, Europe and Mexico.

Our tiles are the result of combining human and technology. However, we believe that Ultimately, Creative Thinking, Craftsmanship, Delicacy and Authenticity are the ingredients of premium quality of our tiles. With passion and love for the tiles, every our tile maker is an artist. Our tiles are the result of love, passion and carefulness.

The cement tiles are completely handmade with 100% natural materials. It is of course environmental friendly. With the ability of fully customising colors and pattern to the best fit any project design and having a premium quality, TRAMA BCN has always been one of the top choices from investors, leading interior designers and contractors. TRAMA BCN is the result of great combination of traditional tiles and modern designs. A product of creativity will continue to inspire new idea for the better living space, for the everlasting beauty of cement tile.
